(57) **CLAIM**

The ornamental design for a float for liquid storage container, as shown and described.

DESCRIPTION

This is related to our copending U.S. patent application, titled Liquid Storage, Isolation and Dispensing Container, filed on the same date as this application, having Ser. No. 13/651,352, the disclosure of which is incorporated by reference.

FIG. 1 is a front, top perspective view of a float for liquid storage container showing our new design;

FIG. 2 is a front elevation view thereof, the rear elevation view, right side elevation view and left side elevation view being identical;

FIG. 3 is a top plan view thereof;

FIG. 4 is a bottom plan view thereof; and,

FIG. 5 is a side elevation view within a container, the container shown in broken lines for environmental purposes only. The broken lines showing a container in FIG. 5 illustrate environmental structure and form no part of the claimed design.
